New Listings

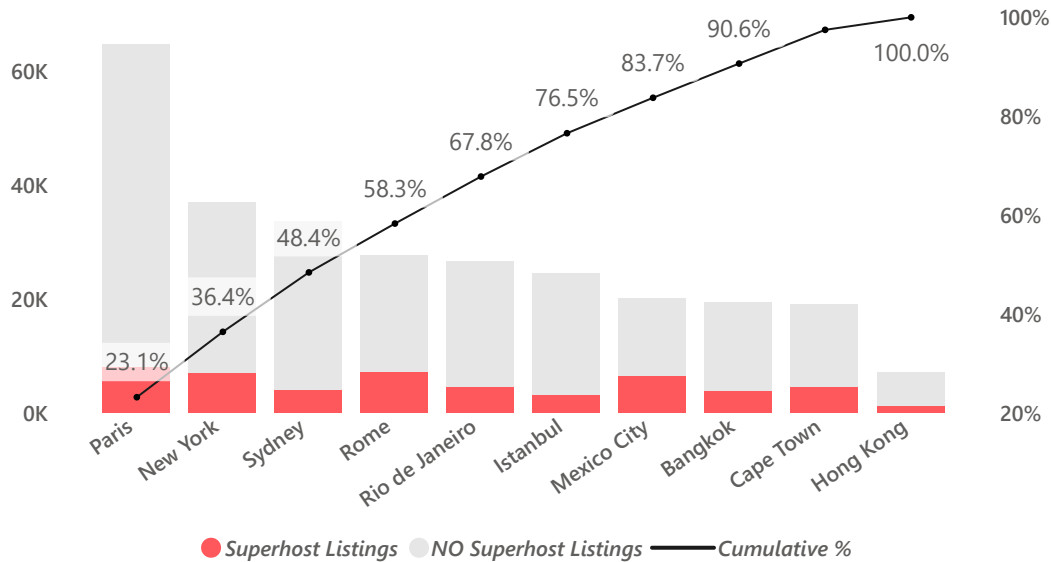

In 2015, Airbnb reached the **highest** number of new listings. 2016 and 2017 saw a restraint also due to a tightening in local regulations. Despite this, Airbnb became **profitable** in the second half of 2016, and 2017 marked the first full year of generating income. From 2018, there was a new growth stopped in 2019 by the **COVID-19** pandemic.

Airbnb Performance Dashboard

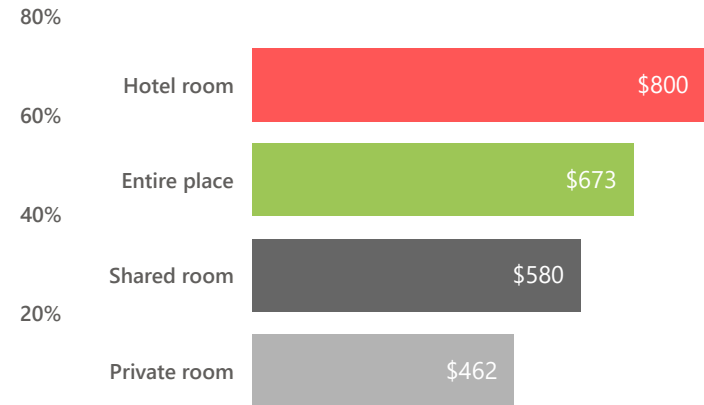

Market Share by City

Paris , NYC and Sydney holds account for almost half of the total listings and 48% of total reviews.

Paris is the city with most listings and reviews . A possible driver is the prices for hotel rooms being twice as much as Airbnb!

Overall Rating

Detailed Rating

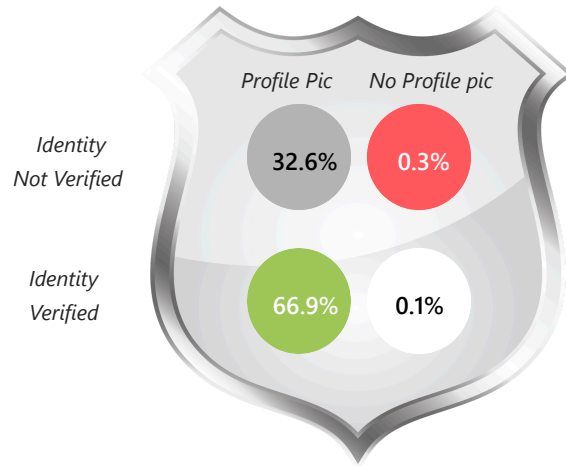

Mexico City and Rio are the overall best-rated cities , HK and Istanbul the lowest ones . Cleanliness and the value for money ratio are the two metrics generally scoring the lowest .

Airbnb Performance Dashboard

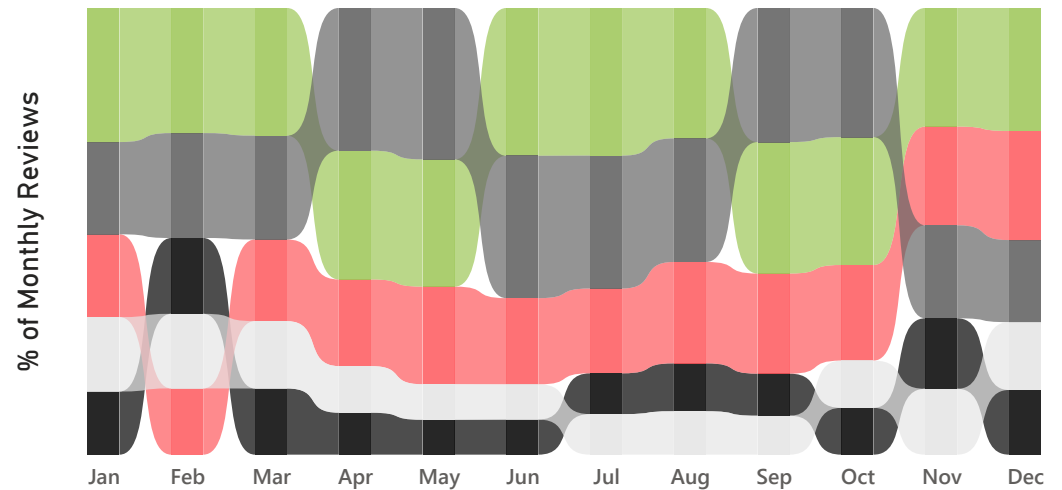

Trust Score

Over two-thirds of Airbnb hosts are fully verified, while nearly all hosts provide at least one trust signal, keeping unverified and anonymous profiles to a minimum.

Seasonality

● Mexico City ● New York ● Paris ● Rome ● Sydney

Rome and Paris dominate reviews share from April to August, reflecting peak European summer travel.

New York saw an increase in November and December
